TIME PERIODS FOR FILING A REPLY TO THIS NOTICE:

1. Applicant is given **no new time period** if the non-compliant amendment is an after-final amendment or an amendment filed after allowance. If applicant wishes to resubmit the non-compliant after-final amendment with corrections, the **entire corrected amendment** must be resubmitted.
2. Applicant is given **one month**, or thirty (30) days, whichever is longer, from the mail date of this notice to supply the correction, if the non-compliant amendment is one of the following: a preliminary amendment, a non-final amendment (including a submission for a request for continued examination (RCE) under 37 CFR 1.114), a supplemental amendment filed within a suspension period under 37 CFR 1.103(a) or (c), and an amendment filed in response to a *Quayle* action. Failure to timely respond to this notice will result in:

Abandonment of the application if the non-compliant amendment is a non-final amendment or an amendment filed in response to a *Quayle* action; or

Non-entry of the amendment if the non-compliant amendment is a preliminary amendment or supplemental amendment.

Continuation of 4(e) Other: Continuation of 4(e) Other:

The following items cause the amendment document to be considered to be Non-Compliant as marked above in Item 4(c):

(1) The proposed amendments to the claims filed on 1/21/09 includes a change to claim 26 without indicating said change with respect to the immediate prior claims filed 7/7/08. Specifically, in line 26 of claim 26, the word "squamus" has been changed to "squamous" without markings indicating the change. In the immediate prior version of the claims, the word was spelled "squamus". This spelling extends back to the original filing of claim 26 as a new claim on 1/23/06.

37 CFR 1.121(c) states "Amendments to a claim must be made by rewriting the entire claim with all changes (e.g., additions and deletions) as indicated in this subsection" and "All claims being currently amended in an amendment paper shall be presented in the claim listing, indicate a status of "currently amended," and be submitted with markings to indicate the changes that have been made relative to the immediate prior version of the claims. The text of any added subject matter must be shown by underlining the added text. The text of any deleted matter must be shown by strike-through except that double brackets placed before and after the deleted characters may be used to show deletion of five or fewer consecutive characters".

Thus, claim 26 should include markings indicating the amendment to the claim, and the claim should properly have the status identifier of "Currently Amended".
